SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

Weather of Concern

Northern California

- After an extended dry period, wetter weather is likely to return Wednesday and Thursday this week.
- This is an average storm by February standards, with the primary impacts likely to Sierra travel.

Southern California

- Northeast winds will increase to 20 to 30 mph with gusts to 45 mph and persist into early this afternoon.

Active Weather Warnings, Watches and Advisories by County:

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

High pressure will build dry weather to the area today and Tuesday with night time valley fog and low clouds. A cold front will spread rain to areas west of the cascades on Wednesday then move across the area Wednesday night. Showers continue through Friday with snow levels in the 4000 to 5000 foot range.

Eureka Weather:

High pressure today and Tuesday will bring warm and dry weather. Rain mountain snow and a return of cooler temperatures are expected mid to late week.

Reno Weather:

High pressure near the West Coast will keep above average temperatures and generally light winds into Tuesday. A fast moving storm will bring a return of wintry conditions Wednesday and Thursday with gusty winds rain and mountain snow.

Sacramento Weather:

Expect dry weather with near-record high temperatures early this week. Wetter and cooler weather expected middle-to-late this week.

San Francisco Weather:

Strengthening high pressure over California along with offshore winds will create the potential for record warm temperatures today and Tuesday. Cooling is forecast for Wednesday as a storm system begins to impact the West Coast bringing widespread rain to the region from late Wednesday into Thursday. A second weather system may produce additional rainfall in the North Thursday night and Friday. Dry weather is currently forecast to return to all areas by the weekend.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

High pressure will continue to bring dry weather to the Central California interior through Tuesday with patchy night and morning fog in the San Joaquin valley. A low pressure system will bring rain and high sierra snow to the area Wednesday afternoon through Thursday.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure and gusty offshore winds will bring a return of breezy conditions and record heat through Tuesday. An upper level low will support much cooler conditions with the chance of rain late Wednesday into Thursday. Fair skies with a slight warm up are expected by next weekend.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

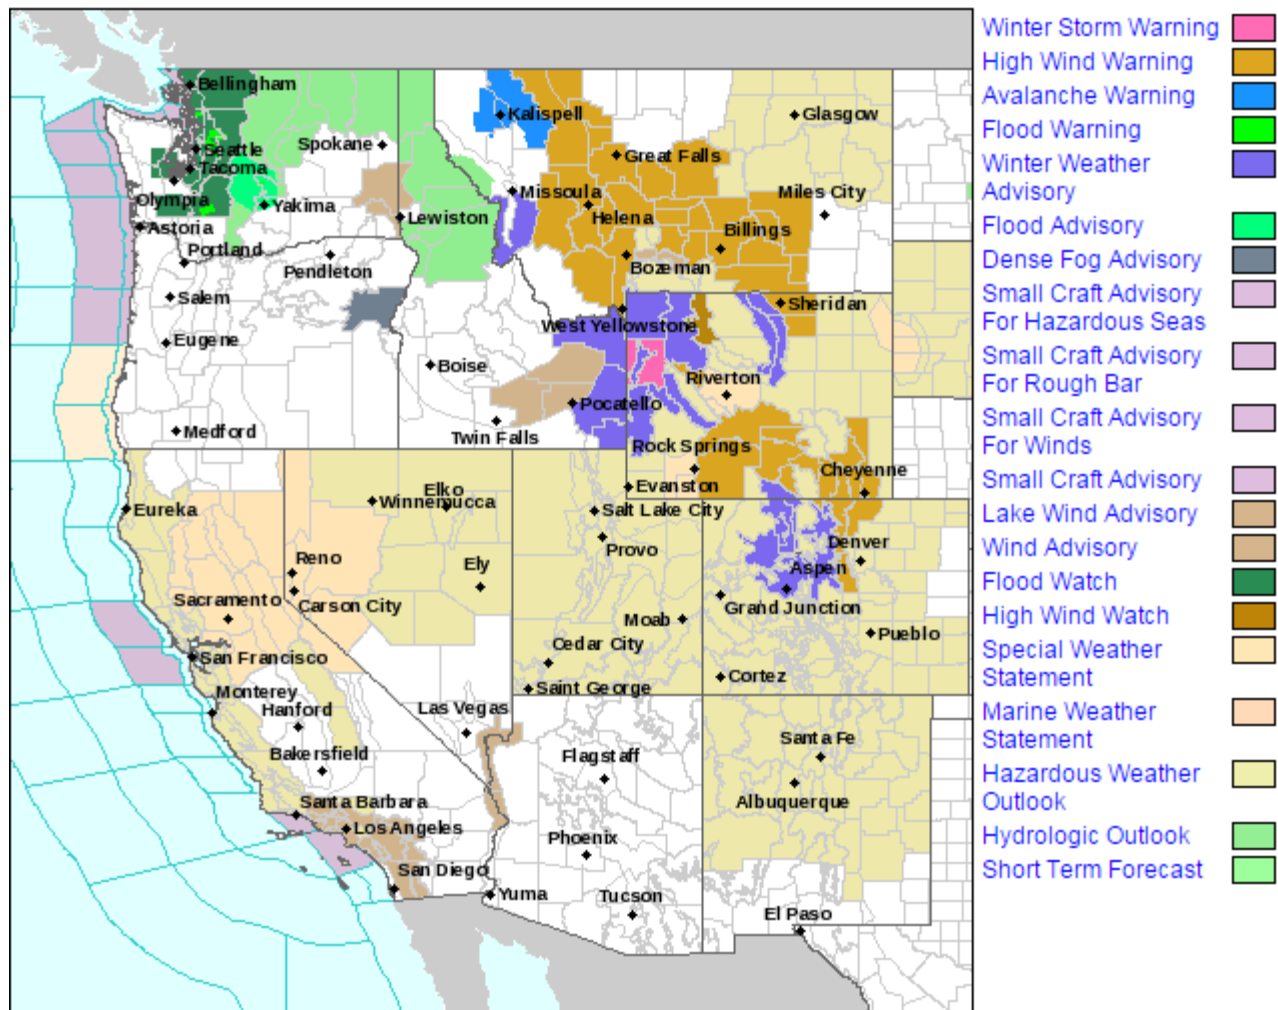

Surface high pressure over the great basin will bring locally strong gusty Santa Ana winds through early afternoon then weakening and continuing into Tuesday. High pressure aloft combined with the offshore flow will bring well above average high temperatures for today and Tuesday with some record high temperatures expected mostly in Coastal and Valley areas. For Wednesday and Thursday a trough of low pressure moving inland through California will bring cooling with strong gusty onshore winds and a chance of showers mainly Wednesday night and Thursday. Conditions dry and warmer for Friday through next weekend.

Southeast California Weather:

Very strong upper level high pressure will bring above normal temperatures to the region through the middle of this week with many lower deserts approaching or even reaching 90 degrees by Wednesday. Some minor relief will arrive by the end of the week as low pressure moves inland into the great basin but temperatures will still remain above seasonal normal and likely still above 80 degrees across much of the lower deserts.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New/Reopened Missions

- **2016-LAW-21430 2/14/16, 1305 hours** Sacramento County Sheriff's Dept. (SCSD) requesting (2) water HRD K-9's and (2) Area K-9's to search for a 55 yo East Indian male who has been missing since Saturday evening after leaving his daughters wedding at the Grand Island Mansion in Walnut Grove. LE has attempted cell phone forensics without success. The CP is at the Grand Island Mansion. Cal OES Law Branch K9 Coordinator was only able to secure the (2) Area K9's for today. **Update: 1923 hours** SCSD advised the MP has not been located. All out of county resources completed their searches and have been released. **Update: 2023 hours** SCSD requesting a single Water Certified HRD K9 for Monday at 1000 hours at the Hogback Island Recreational Park on Grand Island Rd. 4 mi South of today's CP. Cal OES Law Branch working to secure the requested K9 Team. Update: 2/15/16, 0800 hours Cal OES K9 Coordinator advised the requested K9 Team has been secured From Nevada County and is enroute. SCSD SAR advised. **Mission ongoing.**
- **2016-LAW-21318 2/14/16, 1340 hours - (REOPENED)** Butte County SO BCSO requesting mission be reopened; this is a search for a missing male presumed drowned. This new request is for (3) C-1 and (2) C-3 HRD K9's with handlers & techs for Monday, 2/15. BCSO advised the family relayed new information indicating the MP was a much stronger swimmer than originally believed so they are expanding the search area. All resources requested for Monday, 2/15/16. The Water dogs are requested to meet at the Oroville Dam Spill Way at 0800 hours this morning. The Land Dogs are to meet at Spring Valley School at Hwy 70 and Pence Rd at 0730 hours Monday. **Update:** The Cal OES Law Branch K9 Coordinator secured all the requested resources by 2140 hours BCSO advised. **Mission ongoing.**
- **2016-LAW-21292, 2/14/16, 1820 hours - (REOPENED)** Solano County Sheriff's Office (SCSO) requesting mission be reopened to check additional locations on Monday, 2/15; this is a search for a male missing since 1/23, presumed drowned in an alleged fishing accident. A single HRD K9 Team has been secured from Siskiyou County. **Mission ongoing.**

CAL OES MISSIONS

Closed Missions

- **2016-LAW-21418 2/14/16, 0906 hours** Sonoma County Sheriff's Office (SCSO) requesting (2) trailing dogs for an immediate response to assist in the search for a 56-year-old male who was to meet his wife in Bodega Bay Saturday night but never arrived. LE has completed cell phone forensics and narrowed the search area to Wrights Beach. A search of that area produced the MP's cell phone and clothing. The Cal OES Law Branch K9 Coordinator is at the CP and has secured 2 trailing dogs with handlers and flankers. All resources will meet at the Command Post on Carlevara Way off Highway 1. **Update: 1820 hours, per SCSO, the search has been suspended. Additional information has been recovered indicating the MP is believed to have drowned but not in the search area. All K9 resources released. Mission closed.**
- **2016-LAW-21422 2/14/16, 0933 hours**, The International Emergency Response Coordination Center (IERCC) reporting a Delorme device activation on Mt. Shasta, Siskiyou County. The Registered Owner (R/O) of the device is described as a 30 year old male in good health and an experienced hiker. His emergency contact stated that he decided stay overnight Saturday and not return home. The R/O not responding to text messages from the IERCC to his device. Siskiyou SO SAR briefed. **Update 1020 hours**, IERCC advised of new coordinates, as it appears R/O has moved down the mountain, about 800 yards. New information relayed to S.O. **Update 1027 hours**, R/O sent his sister a cell phone text advising some other people were helping him down the mountain but no details on his condition. **Update: 1055 hours IERCC advised the R/O pushed the cancel button on the device and messaged that some unidentified 1st responders were assisting him and to cancel SAR. Siskiyou SO, who had also established communication with the R/O, was advised. Mission closed.**
- **2016-LAW-21426 2/14/16, 1152 hours**, The IERCC advised of a Delorme device activation in Ventura County. The activation included an 'SOS' message stating "boy has heat stroke, wont make it out." The victim is a 13 year old male. Ventura SO briefed. **Update: 1400 hours Ventura SO Air Unit advised they located the young victim and transported him to Ventura Medical Center; he reportedly became ill during the hike Sunday after consuming cough drops the previous night. There were no heat stroke issues. Mission closed.**

California Specialized Training Institute

CSTI Scheduled Training

Basic PIO and JIC/JIS (G290-291): This course is the first in a three part series of Public Information Officer Basic training. The course is designed for people who work with the media in times of crisis and day-to-day media relations. The program emphasizes the importance of developing a Public Information Officer (PIO) team, communications skills, leadership and working in a Joint Information Center using Joint Information Systems.

Participants engage in public speaking exercises and media interview sessions. Classroom and breakout sessions are information intensive and are designed to help participants apply principles and techniques taught in the discussions. Participants will work with representatives from the media and other agencies involved in crisis communications. The class includes certification in the FEMA Basic Public Information Officer Course (G290) and JIC/JIS (G291) courses.

Course Length: 32 hours

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
